Miss Sally Taylor was married to Emil Stein Saturday evening at 8 o'clock at the Stein home in the presence of a small group of close relatives and friends. The ceremony was performed by the Rev. A. W. Taylor in front of an improvised altar of palms and ferns, interspersed with "coral vine." The bride's brother, Paul Taylor, gave her away, with Mrs. James Lee as matron of honor and Arnold Kirchman as best man. ### W. M. S. MEETS

The Woman's Missionary society of the First Baptist church held a program meeting at the home of Mrs. J. C. Miller Tuesday afternoon.

Mrs. E. G. Parker, the president, opened the meeting with the song, "We're Marching to Zion," after which the program was presented by Mrs. Bruce Morris, as follows: "Paul's Son in the Faith," by Mrs. Mabel Lamb; "The Story of Henrietta Shuck, Missionary of 1925."

Mrs. E. G. Parker, the president, opened the meeting with the song, "We're Marching to Zion," after which the program was presented by Mrs. Bruce Morris, as follows: "Paul's Son in the Faith," by Mrs. Mabel Lamb; "The Story of Henrietta Shuck, Missionary of 1925."

country. Fresh factories are springing up in Florida to seal this jobless leverage in cane and fresh addicts are buying it. Now that the drink is the drink, prohibition was repealed, ill-advised persons used to hurry off to Havana in order to purchase drinks that were not permitted here. Now that prohibition is no longer in force, well-advised persons stay here and drink such beverages as this titillating Havana Special: Mix the contents of a 16-ounce can grapefruit juice and one cup syrup from canned pineapple. Boil together one-fourth cup sugar and one cup water, then cool and add. Chill, add one bottle charged water and serve ice cold in punch glasses. Make ten glasses.

**Beverage for the Brass Band:** This beverage has style as well as a taste that attracts so many partiers. You can tell by the very names of the concoctions that are made with it. Take, for instance, this: **Coffee Punch:** Mix together one cup of coffee, one cup orange juice, the juice only from two No. 2 cans grapefruit and one cup maple syrup. Chill. Just before serving, add one quart ginger ale and two tins of creamy cream. The cream may be omitted, if desired. Makes a little less than three quarts.

Not only the name, which smacks of former days of fancy and the ingredients make this a drink which moderns would call chic.

But perhaps a rickety would be even more appropriate as a summer beverage. Here's one that consists largely of grapefruit juice:

**Cherry Ritz:** Boil one-fourth cup sugar and one cup water, cool and add the contents of a 10-ounce can grapefruit juice, the juice only from a No. 2 can sour pitted cherries, and one-fourth cup maraschino cherry juice. Chill. Add one bottle charged water and serve ice cold. Makes twelve punch glasses.

by Mrs. W. C. Rogers, talk on personal service by Mrs. A. W. Taylor, and a playlet, "Talking Across the Century," which was splendidly presented by Mrs. Albert Snyder and Mrs. Paul Davidson.

Mrs. Kenneth Lutz gave a reception honoring Miss Dorothy Henderson, the new third grade teacher, at her home Friday afternoon. The invitations included the mothers of third grade pupils. Due to inclement weather, only the following attended: Mrs. F. M. Murphy, Mrs. E. Y. Creech, Mrs. George Williams, Mrs. E. C. Lutz, Mrs. B. Q. Waddell and Mrs. Edward King.

Mr. and Mrs. W. L. Coats, Miss Ada Coats, Billy and Turner Coats of Port Pierce, were guests of Mr. and Mrs. Tommie Evans Sunday.

C. J. Aspey and L. E. Aspey left Sunday for their former home in Meadville, Pa. They were called to the bedside of their mother, who is seriously ill.

Billy Rink is recuperating from an appendicitis operation in the Brantley hospital at Lake Worth.

W. P. Granger is spending several days in Tallahassee on business.

Mrs. C. M. Green, accompanied by Mrs. G. L. Evans, motored to Arcadia Tuesday.

Mr. and Mrs. James Ball, Jr., and children, Jennie and Nancy have returned to their home here for the season after spending the summer months in West Palm Beach.

Mr. and Mrs. Claude Eckerson of Tulsa, Okla., are the guests of Mr. and Mrs. Walter Greer and Mr. and Mrs. Allen Greer.

Miss Betty Sanders and Miss Marjorie Creech spent Saturday in Miami.

Dr. R. V. Allison of Washington, D. C., is in charge of soil erosion investigation in the U. S. Department of Agriculture, is a guest at the Everglades Experiment station near here. Dr. Allison was formerly superintendent of the Experiment station here.

Professor H. H. Hume, assistant director of research at Gainesville, and Dr. A. L. Shesley, head of the department of animal husbandry in Gainesville, are also visiting the Experiment station.

Mrs. Gene Camp is recovering from a recent illness at her home here.

Mrs. Franklin Kelly underwent a major operation in a hospital in Arcadia Tuesday.

Mr. and Mrs. Otis McWhorter and sister, Miss Theo McWhorter, have returned from Nashville, Tenn., where they visited relatives for several weeks.

Mr. and Mrs. John Harris moved to West Palm Beach Wednesday.

Miss Minnie Callaway spent Saturday in West Palm Beach where she visited her brother.

Homers McClure of Carnegie, Okla., arrived Saturday to spend several months with his uncle, J. B. McClure, and Mrs. McClure.

Rev. and Mrs. J. A. Tolle and family spent Monday in Fort Lauderdale where they attended a ministers' meeting of the Miami District of the Methodist church.

Rev. and Mrs. W. W. Glenn and son, former pastors of the Nazarene church, left last week for Jacksonville.

Mrs. J. A. Tolle entertained at her home Saturday afternoon in honor of her daughter Betty Joe's seventh birthday. Games were played and refreshments were served. Present were: Evelyn, Irvan and Inez Maloy, Eldridge, Martie and Wayne McMullin.

**Atmosphere of the Elite**  
Another grapefruit combination that makes hot weather seem like a mirage is the following:

**Fruit Punch:** Dissolve one cup honey in two and a half cups water, bring to a boil and add a half more cups of water and chill. Then add one quart orange juice, half cup lemon juice and the contents of a No. 2 can grapefruit juice and chill thoroughly. This fills twenty-four punch glasses and carries the atmosphere associated with gorgeous frosted punch bowls with floating ice and presided over by a hostess who knows what's what.

And the following delectable drink also makes the atmosphere of the socially elite.

**Strawberry Grapefruitade:** Boil four cups sugar and three cups water for five minutes. Cool. Boil two quarts strawberries, wash, crush, add one cup sugar and let stand for an hour. Then add to the cold syrup. Add the juice of twelve oranges and six lemons and the contents of two No. 2 cans of grapefruit juice. Just before serving add three quarts ginger ale and serve over a large piece of ice in a punch bowl. Serves fifty.

**Don't Be Misled**  
You might think that a beverage which is as swanky as all this would be expensive. Don't be misled. There is a large supply of grapefruit juice in cans, and some of the cans are large enough that it has done for many other foods formerly available only in the very rich. It has made it available to the entire public at a price that it can afford to pay.

Cigarettes give a lot of  
pleasure to a lot of people.

More cigarettes are smoked today because more people know about them—they are better advertised. But the main reason for the increase is that they are made better—made of better tobacco; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos.

Chesterfield is made of mild, ripe tobaccos.

Everything that science knows about is used in making it a milder and better-tasting cigarette.

We believe you will enjoy them.
